

## Prayer for Tuesday, August 2, 2022

By Dutch Sheets\*

*Father, we realize that though we won a monumental battle regarding the lives of babies and the destiny of America on June 24, the war is not over. The national decree initiating a covenant with death was reversed, breaking a national curse off of us. Yet, the war continues, now on a state level. We are determined to stay engaged.*

*You have said prophetically that we can see tremendous victory regarding this issue over the next several months. We ask for a heightened level of Ephesians 1:17 wisdom and revelation to guide us through it.*

*Today, we do as we believe You instructed us, asking that Holy Spirit hover over (Indiana) - hover over (the Indiana Statehouse). Influence their thinking. Neutralize the deceptions and lies of those who are promoting abortion. Make their arguments of no effect. Birth a new era of life in (Indiana), one so powerful that it leavens our entire nation. We ask that miracles occur through this hovering overshadowing, just as they did in the book of Acts. We ask for your glory to be manifested through it, just as it was at the Mount of Transfiguration. And we ask that life be formed/birthed, just as it was in Sarah and Mary. And we ask this in the powerful name of our Creator, Jesus. Amen.*

### Our decree:

*We decree the release of Holy Spirit's hovering over the state of (Indiana) today.*
