

## **INDIANA FIRST ACTION**

August 18, 2023

**HUGE VICTORY!!!**

### Lake County, Indiana Vote Taken to Cancel Konnech, Inc. Contract

As previously reported (<https://news.frankspeech.com/news/article/indiana-poll-worker-data-chinese-servers-no-comment-secretary-state-holli-sullivan-or>), three Indiana counties utilized the Konnech, Inc. software. Not sure what Konnech is? The above article will catch you up to speed.

After ten months of citizens faithfully attending and testifying at the Lake County Election Board meetings, as well as a “Truth” from Gregg Phillips this week (<https://truthsocial.com/@1stAmendmentRights/posts/110884073488835365>), the Board of Elections took a vote to cancel the Konnech, Inc. Contract. The measure passed with 2 republicans and 3 democrats voting in support of the cancellation.

Residents should be very proud of their neighbors standing in the gap. Way to go Lake County, Indiana!!!
